Station Madras. , *Dated the* 11th M A Y 192 9.

From (Name) Dr. B. Sundara Raj, M.A., Ph.D.,

(Designation) Director of Fisheries,

To The Secretary to the Government of Madras,

Through the
Accountant-General, Madras.

DEVELOPMENT Department.

Sir,

(A)

Ref:G.O.No.433 Miscellaneous Development dated 29-3-1927

In their order referred to above, the Government sanctioned the opening of elementary schools in Hoode and Kodi villages for a period of two years on or after 1st April 1927, The Hoode School was started on 20-6-27 with 28 children on the rolls. The strength is now reported to be 31 as detailed below:--

Class.		Boys.	Girls.
I	...	16	5
II	...	4	-
III	...	5	1
		25	6
		31.	

The School, though situated in the centre of the fishing hamlet has not yet succeeded in attracting a sufficient number of children. More intensive propaganda work would be necessary in this hamlet to persuade the conservative and ignorant fisherfolk to ~~xxxx~~ realise the benefits of education. I have the honour to request that you will be good enough to obtain the sanction of Government for the retention of the school with its staff of two teachers for a further period of two years from 20th June 1929.

2. The Kodi School was opened on 16-6-1927 with 33 children. The present strength is 67, particulars of which are indicated below:--

Class.		Boys.	Girls.	
I	...	42	2	44
II	...	16	1	17
III	...	6	-	6
		64	3	
		67		67

The school has progressed well and is a necessity in the locality. I therefore request that the sanction of Government may be obtained for the retention of the school with the staff of three teachers for a further period of two years from 16-6-1929.

3. Necessary provision has been included in the allotment under 35 C.Industries--Fisheries--Schools for Fishermen.

I have the honour to be,
Sir,
Your most obedient servant,

B. Sundara Raj
Director of Fisheries.

Education – Hoode and Kodi Schools – Retention

CNo 1608 II/29 From the D.F. Ref No. 1116 C-29-1 dt 11.5.29

pp 1-2 CF

p3 CF

AG. Agri III-3-768 dt 21.5.29

A-S

Please see the D.F.'s letter at pages 1-2 CF and the Endt of the AG at p3 CF:

(i) Elementary school at Hoode

The School was started on 20.6.27 and the present Strength of the School is 25 boys and 6 girls. The DF attributes this lack of earnestness on the part of the fisher folk to their conservatism and ignorance. He proposes to do more intensive propaganda work among the fisher folk with a view to making them realise the benefits of education and requests that the School may be retained for a further period of 2 years. This may perhaps be agreed to

(ii) Elementary school at Kodi

The School began with 33 children

5 2

and its present strength is 67. Besides this the DF considers the school to be a necessity in the locality. This may also be retained for a further period of 2 years from 16.6.27.

2. As regards for funds attention is solicited to para 3 of DF's letter

A draft order is submitted for approval. It may be sent to Fin for acceptance.

22/5. The two schools may be continued till 31st March 1931. This draft ordering sanction to be accepted.

31.5.29

ASST. SECRETARY TO GOVT. 31 MAY 1929 FINANCE DEPT.

Finance (E.T.)

The proposal for the retention of the two Fisheries schools at Hoode and Kodi in the South Kanara Dt. up to 31st March 1931, may be agreed to in Finance.

18364 E.T. 31.5.29.

2. Staff: The Hoode school has two teachers and he Kodi school, 3 teachers. When proposals for the pening of these schools were submitted by the Director f Fisheries, it was stated that these schools would ave a strength of about 50 and 100 pupils respectively.

Below Bom p38 Go 433 Dev 29.3.

P.T.O.

A

2.F.

The strength of the schools is now 31 and 67 respectively.

~~Under~~ Rule 71 of the Madras Educational Rules lays down that "there shall be at least one teacher for every 40 pupils on the rolls. While th number is to be in all cases the maximum permissibl it is very desirable that there shall be a teacher for every 30 pupils".

With reference to the above rule, it seems sufficient that only 1 teacher is allowed for the Hoode school and 2 teachers for the Kodi school, having regard to the present strength of the schools. Development may be requested to consider this point.

Development Dept.

To Asst. Secretary

The Finance dept. have suggested that, as there are ~~only 30 pupils each or~~ pupils in the Hoode and Kodi Schools respectively only 31 and 67 pupils respectively, the question of allowing ~~only~~ one teacher for the former and two teachers for the latter school in the reference to Rule 71 of the Madras Educational rules may be considered. Rule 71 of the Madras Educational rules lays that "there shall be at least one regular teacher for every 40 pupils on the rolls. While this number of pupils is to be

Go called for from Madras on 9/6 Go rcvd 13/6

pp 1-2 C.F.

I

the maximum permissible it is very desirable that there should be a teacher for every 30 pupils".

para 2 of Govt No 154 Laws (Educn) 24-1-23. pp 21-22 of (S)

The Govt have held that this rule indicates only the minimum staff required and does not fix any maximum as to the number of teachers employed and have given discretion to the Managements of elementary schools to employ one teacher for every 20 pupils in the first Standard provided that the work and progress shown at the inspection justified the employment of additional staff. Taking the Hoode on its rolls elementary School, there are in all 31 pupils as shown below.

A

I class	——	21 pupils
II class	——	4 pupils
III class	——	6 pupils
		31

p1 C.F.

There are at present two teachers in the School. The Director says that more intensive propaganda would be necessary in the hamlet to persuade the Conservative and ignorant fishermen to realise the benifits of education. If one teacher is allowed for the 1st class, the other teacher can take up classes II and III which in all consist of 10 pupils and be able to do propaganda work among fishermen. In the circumstances Finance may be requested to agree to the Continuance of the two teachers in the

p2 C.F.

Chool.

In the Kodi School the strength is 67 as shown below

I class — 44 pupils

II class — 17 pupils

III class — 6 pupils

67 pupils

There are three teachers at present in the School. If the principle mentioned at A at p 4 ante is applied, two teachers may be allowed to the 1st class (3 teachers in all for the school) and one teacher for the other two classes. There are however, no inspection reports on the work and progress of the school.

2 The file may be sent to Finance for reconsideration of their views. There are new Schools. The existing staff may continue at present. If there is no improvement in the situation when the proposed sanction expires, the question of staff may be reconsidered.
